Graphic Design

Jan 2008 - Dec 2011

Cypress College

Graphic Design
Sept 2005 - Dec 2007

Objective

To obtain a position in the front-end development field where I can utilize my knowledge to be an asset to your team.

Work History

Marine Depot

Webmaster/Front-end Developer

Jan 2015 - Present
Garden Grove, CA

I was responsible to bring their e-commerce site from it's dated look to a refreshing, easy-to-use application using ReactJS & Redux with the help of back-end developers and PMs. I also was in charge with creating an in-house dashboard for managing customer accounts, orders, and products. My responsibilities include planning out project/tasks, lay out prototype, and develop the product.

Enhanced Vision

Jr Web Developer

Jan 2014 - Sept 2014
Huntington Beach, CA

I was responsible for the design and development of their location-based sister sites using WordPress.

A-1 Domestics

Web Developer

December 2013 - June 2014
Santa Fe Springs, CA

I was the lead developer in this home health agency. My responsibilities were to migrate all static sites to a user-friendly CMS. I had chose WordPress and developed custom themes for all sister sites.

360 Business Consulting

Associate Web Developer/Graphic Designer

Jan 2013 - May 2013
Tustin, CA

My responsibilities include creating assets and brand identity for multiple clients as well as develop brochure sites for SEO.

Local Lighthouse

Web Designer

Jan 2012 - April 2012
Tustin, CA

At this SEO consulting firm, I was tasked with maintaining current client sites and deploying content for their new clients.

Rayhawk Corporation

Web/Graphic Design Intern

Aug 2011 - Nov 2011
Irvine, CA

My tasks included assisting in prototyping and developing components for their in-house CMS, creating assets, and assist with design decisions during critiques.
